🎨 Visual Improvements:

Before:

- Vietnamese text (hard for international audiences)
- Colorful emojis (looked informal/AI-generated)
- Small fonts (hard to read from distance)
- Static slide numbers

After:

- Professional English throughout
- Consistent Material Design icons
- Large, readable typography
- Interactive navigation system

Sample Content (Slide 01):

Executive Summary

Presentation Objectives:

- ✓ Clarify current capabilities and status of the department
- ✓ Propose proactive development direction for 2026
- ✓ Request approval for priorities and resource allocation

- 💎 Outsourcing creates short-term cash flow
- 🏆 SaaS creates long-term assets

🎯 Key Message (English):

"2026 is the perfect time to transition from contract work to building technology assets"

Main Strategy:

- **40-50%** → Outsourcing (Cash flow)
- **30-40%** → SaaS HKSpace (Strategic asset)
- **10-20%** → Website & AI (Support)

✨ Professional Polish:

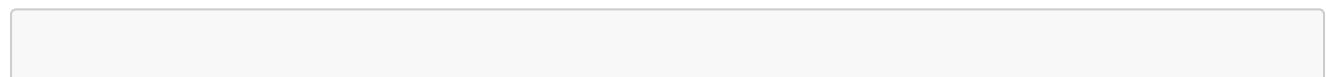

- No more emoji clutter - looks professional
- Consistent icon system throughout
- Better visual hierarchy with larger fonts
- Interactive elements make navigation smooth
- Ready for executive presentation

🔧 Technical Details:

- **Framework:** HTML5 + Bootstrap 5
- **Icons:** Google Material Symbols (Rounded)
- **Charts:** ECharts (CDN)
- **Fonts:** Inter (Google Fonts)
